SKILLS

Python programming

SQL

C/C++

Object-oriented programming

Data cleaning

Microsoft Office (Word, PowerPoint, Outlook)

Microsoft Excel (V/HLOOKUP, Pivot Tables)

Agile methodologies

Git version control

Analytical thinking

Problem-solving abilities

Teamwork and collaboration

Effective Communication

Time management

Object-oriented programming

touch typing

COURSE CERTIFICATES

- Introduction to Data Analytics (Coursera & IBM)
- Excel Basics for Data Analysis (Coursera & IBM)
- Data Visualisation & Dashboards with Excel & Cognos (Coursera & IBM)
- Python for Data Science, AI & Development (Coursera & IBM)
- Preparing Data for Analysis with Microsoft Excel (Coursera & Microsoft)

PROFILE

I'm a recent Computer Science graduate with a strong foundation in analytical thinking and problem-solving. I thrive in dynamic environments and quickly adapt to new challenges. With a keen eye for detail, I enjoy working with data, and I'm genuinely excited to apply what I've learnt at university while contributing meaningfully in a professional setting.

EXPERIENCE

University of the Witwatersrand
First Year Experience Mentor

Jan 2023 - Dec 2023

- Worked closely with mentees experiencing difficulties adjusting academically or socially, providing tailored guidance towards successful outcomes.
- Developed creative solutions for common first-year challenges, empowering mentees to overcome obstacles independently.
- Connected mentees with relevant campus resources, streamlining their transition into university life.
- Facilitated reflective conversations among peers, encouraging self-awareness and personal growth throughout the first year experience journey.

Exclusive Books

Bookseller (Part-time)

Feb 2024 - Present

- Managed cash register transactions accurately, ensuring proper handling of financial transactions and minimizing discrepancies.
- Conducted regular inventory audits to maintain accurate records and identify potential areas for improvement in stock management processes.
- Used consultative sales techniques to understand customer needs and recommend relevant products and services.
- Applied interpersonal and communication skills to establish selling relationship with customers.
- Supported a positive work environment by collaborating with team members to achieve collective goals.

EDUCATION

University of the Witwatersrand
Johannesburg, South Africa

2021-2024

Bachelor of Science in Computer Science

- Relevant Completed Coursework:
 - Introduction to Data Structures & Algorithms
 - Introduction to Algorithms & Programming
 - Database Fundamentals
 - Advanced Analysis of Algorithms
 - Machine Learning
 - Operating Systems & System Programming
 - Parallel Computing
- Member of Wits Developer Society, 2022 to 2024

Collegiate Girls' High School

Gqeberha (Port Elizabeth), South Africa
National Senior Certificate

2016-2020
